

# ENVIRONMENTAL POLICY STATEMENT

We all have a responsibility to protect the environment from the effects of our activities. Gallaway Construction Ltd. takes its responsibilities seriously in this respect and is committed to reducing the impact of its activities on the environment.

To this end Gallaway Construction recognises that there are many steps that it can take to continuously improve its environmental performance and thereby reduce or prevent damage to the environment. We also recognise that these steps can also add value to our business and make a positive contribution to the success of the company. In other words, we believe that good environmental management is not only compatible with, but is also essential to, the financial wellbeing and success of the company.

In order to meet this commitment Gallaway Construction will pursue the following objectives:

- To ensure compliance with all applicable environmental legislation.
- To protect the environment from the effects of our activities.
- To reduce or minimise our consumption of natural resources
- To minimise emissions and prevent pollution wherever possible
- To eliminate or minimise noise and other nuisances wherever possible
- To assist in the management of ecology.
- To minimise the life cycle impact of our operations and physical assets.
- To reduce, reuse or recycle waste produced wherever possible and to dispose of any remaining waste in the most environmental efficient way possible.
- To set environmental objectives and targets and to continuously assess and improve our environmental performance.

The necessary personnel and financial resources will be allocated to assist the Company in meeting its environmental objectives and targets. In addition, Gallaway Construction will continue to raise the level of its environmental awareness throughout its workforce and to promote this awareness to its customers and suppliers.

This policy will be reviewed annually as part of the Management review process, to ensure its continued relevance, adequacy and effectiveness.
